

March 2010
Fire Hall Questionnaire

Do you feel the building has lived out its life span	<input type="text" value="74"/>	yes	<input type="text" value="42"/>	no	<input type="text" value="8"/>	???
Do you feel pride in your city hall/fire hall as it is now	<input type="text" value="28"/>	yes	<input type="text" value="66"/>	no	<input type="text" value="23"/>	other
Do you feel the city should proceed with improvements or temporary fix	<input type="text" value="50"/>			temporary fix		
	<input type="text" value="31"/>			Roof replacement		
	<input type="text" value="22"/>			Neither		
Should city hall/ fire hall be combined or just focus on fire/hall	<input type="text" value="26"/>			Combine		
	<input type="text" value="56"/>			fire-hall only/move city hall		
	<input type="text" value="6"/>			keep as is		
	<input type="text" value="2"/>			need to move		
	<input type="text" value="9"/>			neither		
Has the city done enough research to resolve this problem	<input type="text" value="40"/>	yes	<input type="text" value="64"/>	no	<input type="text" value="13"/>	unsure
Would you support a general obligation bond	<input type="text" value="39"/>	yes	<input type="text" value="66"/>	no	<input type="text" value="10"/>	maybe

-) support a bond if purchasing a site w/bldg on it for city hall and construct a new fire hall
-) erect a new metal building with low ceiling, easier to heat
-) Get grants
-) Acquire the Sterling Bank building and build a fire hall there
-) Enterprise needs a serious overhaul. The city should purchase old bank bldg for city hall and build a fire hall; a temporary fix is unacceptable
-) Would support a bond if you moved - look at purchasing vacant bldgs
-) sell existing property owned by the city not needed
-) besides selling off existing properties and any grant monies possible, the city should explore all structural facilities now available. We need

March 2010
Fire Hall Questionnaire

safe and environmentally sound city facilities at the lowest cost feasible.

-) Investigate use of existing vacant buildings; the future of city hall and the fire dept. is very important - as citizens of Enterprise - we look forward to participating in public discussion.
-) Tear down the existing building and build new in the same location, it would be cheaper in the long run
